🔊 Research & Analysis	Deposit Instructions:
Quarterly Market Outlook	1. Since there are certain risks of investment, you should make proper investments according to your related transaction experience and income, instead of using borrowings from others.
Trading Platform	2. Based on the adjustment to the risk control system of the bank, the deposit channel might not be supported or the quota might not be incorrect when you are ready to make deposits (especially at your local night time), so you should arrange your trading position and the deposit time period in such a reasonable manner that avoids unnecessary losses due to any delay in the arrival of deposits;
© 2024 ATEX All rights server and	Never disclose sensitive personal information to incoming callers. ATFX will never request any sensitive personal information from you by telephone or email, nor provide any investment advice.
© 2024 ATEX AI rights reserved.	3. ATFX does not accept third party deposit. If you use a third party bank account to make deposit, ATFX reserves the right to reject. Please use your own account with same name as your ATFX account when making deposit.
````	4. The billing information for transfers changes from time to time, please check the details carefully for each transfer.
	General suggestion: there are differences in the arrival time of the deposits via the internet, which is 3 business days or above at the longest, so you are suggested to timely make planning.
	2 I have read and agree to all the terms above.
